E500

[E500 → THE TOTAL FAST AND EFFICIENT MAIL PROCESSING SYSTEM]

→ PROFESSIONAL IMAGE

→ EASY TO READ DISPLAY

→ SIMPLE OPERATION - CENTRALISED CONTROL PANEL

The E500 system is a total mailing solution which enables you to frank, seal and stack envelopes in one operation, quickly and quietly.

The system is very versatile, capable of handling parcels, tubes and A4 envelopes in addition to standard mail.

A range of options are available, including the ability to monitor postal expenditure accurately by individual, user defined accounts.

Further automation and versatility can be achieved by combining the E500 with optional scales and accounting.

Franking can include printing envelopes with advertising messages of your choice.

- **Versatile parcel handling** - bulky mail items can be processed with ease.
- **Rapid mail processing** - the E500 seals, franks and stacks envelopes in one operation, up to 80 envelopes per minute.
- **Dual roller inking system** - for perfect quality.
- **Flexible sealing** - pre-sealed or internal mail can be handled in addition to unsealed mail at the touch of a button.

→ **Quiet operation** - the auto-on/ auto-off feature senses an envelope and, quietly, processes it automatically.

→ **Easy to use** - the convenient keypad, clear LED display and helpful pull-up reference cards make the E500 easy to operate.

→ **And remember, you can save up to 20% off your mail costs by switching to franking.**

→ **Franking machine users will get at least a 3p discount on every 1st and 2nd class letter:**

- 3p saving for First Class Letters
- 5p saving for Second Class Letters
- 11p saving for First Class Large Letters and 7p for Second Class Large Letters up to 100g
- 34p saving for First Class Packets 251g - 500g and 35p saving if sent Second Class.

[SAVE POSTAL COSTS WITH AN ELECTRONIC SCALE FROM FMC]

If you process large envelopes or small parcels, one of the best ways to save money is with an electronic postal scale.

Save on postage expense through precise electronic weighing. This avoids borderline overpayments or mistaken readings and independent surveys suggest these savings can be as high as 20%.

Easy to operate models to suit every need, choose from 2, 5, 10 or 30kg capacities.
