

→ LOW VOLUME **TM125** [FRANKING SYSTEM]

TM125

[TM125 → **FAST, EFFICIENT, EFFECTIVE MAIL PROCESSING**]

The technologically advanced TM125 from FMC offers important advantages that have previously only been available to larger volume mailers.

The TM125 eliminates the drudgery of licking and sticking stamps, keeping a postbook and frequent trips out of the office to buy postage. It offers an ideal mailing solution for the modern business - even those mailing just a few letters a day.

→ **Ease of use**

The TM125 is so simple to operate. A clearly marked keyboard, bright easy to read display and menus in plain English, anybody can use the TM125.

Its stylish design and compact footprint make it perfect for today's office environment.

→ **Advertise on your post**

Free publicity on every mailing. The franking area has space for messages thereby providing a powerful medium for promotion and communications.

Customise your messages with a choice of up to four slogans in any one pre-programmed cartridge. For example, print your return address, a promotional message, a seasonal greeting and a company logo.

→ **A weighty matter**

The TM125 can interface with the a range of FMC Electronic Scales. Four different models are available, with capacities from 2kg to 30kg. Save up to 20% on postage costs with accurate electronic weighing.

The TM125 gives you advanced technology in an easy-to use, quite, attractive package that's ready to go to work for your business.

→ **And remember, you can save up to 20% off your mail costs by switching to franking.**

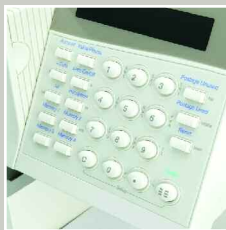

→ **Franking machine users will get at least a 3p discount on every 1st and 2nd class letter:**

- 3p saving for First Class Letters
- 5p saving for Second Class Letters
- 11p saving for First Class Large Letters and 7p for Second Class Large Letters up to 100g
- 34p saving for First Class Packets 251g - 500g and 35p saving if sent Second Class.

For further details or a discussion of your individual mailing requirements, contact Franking Machine Company today on 0151 494 2525.

→ PROFESSIONAL IMAGE

→ EASY TO USE OPERATING PANEL

→ ADD A MODEL 5 AMS 5KG ELECTRONIC SCALE AND INCREASE THE FLEXIBILITY OF THE TM125
