

ENTRY LEVEL FRANKING SYSTEM

iX-3 FRANKING MACHINE

The iX-3 Franking Machine offers smaller businesses an excellent choice for delivering effortless mailing and shipping operations. It's compact design is extremely powerful, and when powered by S.M.A.R.T.® software, the iX-3 transforms into your powerful partner that streamlines your workflow.

iX-3 FRANKING MACHINE

The compact and easy-to-use practical mailing solution for smaller businesses.

Reduce manual processing and handling. Process a wider range of mail and packages simply and efficiently, save time by using shortcut keys, improve tracking of postage spend and ensure energy efficiency. The iX-3 has an intuitive and user-friendly control panel. Easy to use prompts and shortcut keys make navigation a breeze. With 50 standard accounts/departments, the iX-3 offers the capability to charge back and recoup postage costs when using Neostats Enhanced reporting. Track details and create spreadsheets and colorful graphs by postal class, account, department, operator, and more!

WHY CHOOSE THE iX-3?

Intuitive

Easy to use control panel with short cuts make navigation a breeze.

Never run out of ink

Keeping your mail moving couldn't be easier with Low Ink Email Alerts. In addition to email alerts, you can also sign up for our auto-ink program.

Mailmark Postage Discounts

Mailmark guarantees the lowest tariff in the franking channel, with up to **30%** discount versus stamps.

Efficient

Integrated scale and standard Rate Wizard ensure accurate postal class selection and value.

Promote your brand

Print a logo or marketing message on your envelopes and give them a more professional look with Neoslogan. Select from a library of over 100 images or create your own in minutes. The iX-3 can store up to 10 images with the click of a button.

For further details or a discussion of your individual mailing requirements, call today on 0151 494 5358.
